

**Before we tan you, PLEASE READ, UNDERSTAND, AND SIGN the following:**

Please be advised, a small percentage of people experience unfavorable skin reactions to sunless spray tanning and to the spray tanning solution. For this reason, it is **NOT** advised that one should elect to receive a sunless spray tan for the first time when your appearance is critical for a special occasion.

**CAUTION:** Sunless Tanning solution contains **WALNUTS**. Our solution contains walnut shell extract. If you have a nut allergy we suggest not tanning.

Initial: \_\_\_\_\_

**CAUTION:** Pregnant or nursing women should consult their physician before electing to receive a sunless spray tan.

**WARNING:** This product **DOES NOT** contain sunscreen and does not protect against the harmful ultraviolet (UV) rays from the sun that cause sunburns. UV-exposure can lead to skin cancer and premature aging, even if your skin does not burn. I am signing confirming I do not have a sunburn and I understand spray tans do not contain SPF.

**WARNING:** Sunless spray tanning is accomplished in part by application of a solution containing the active ingredient dihydroxyacetone (DHA). According to the Food and Drug Administration (FDA), DHA is a color additive for use in imparting color to the human body. However, its use in cosmetics (including sunless "tanning products"), **is restricted to external application**. The FDA has directed that all users of DHA sunless spray tanning services avoid inhaling or ingesting DHA. When receiving sunless spray tans containing DHA it may be difficult to avoid incidental exposure to sensitive areas including the eyes, lips, mucous membranes or internally. The FDA and Bronzopolitan recommend that you take the following measures to protect against incidental ingestion and/or inhalation during your session by using the provided: facial mask, nose filters, sealing lips with a barrier lip balm, using protective eyewear, and use of protective spa undergarments.

If you have any history of asthma or a respiratory condition that could be aggravated by the use of a spray tanning session, please consult your physician before spray tanning. Please inform us of any past allergic reactions to spray tan products. We may request written consent from your doctor before allowing you to use our services.

If you have additional concerns, please consult with your health care provider. **To understand more about the FDA's regulation on DHA please visit [www.FDA.gov](http://www.FDA.gov)**

**ABOUT YOUR SPRAY TAN SESSION:**

You will enter a private room where you elect to dress down to your comfort level. If you choose to wear clothes, a dark swimsuit or dark cotton underwear is recommended. Disposable spa undergarments are available to you as well. The spray tan solution should wash out of most clothing. It is always best to come to your session wearing dark loose fitting cotton clothing. It is advised to wash the undergarment or clothing worn as soon as possible after your session.

Maintaining your color is possible with subsequent visits. Healthy, hydrated skin will hold results longer and achieve color faster. Ask a tanning consultant about the proper care regimen. For best results, it is recommended to wait a minimum of 8 hours after the sunless spray tanning session before showering or engaging in any activity that will cause you to perspire. This will allow your sunless spray tan to fully develop and will ensure the longest lasting results.

Bronzopolitan sunless spray tanning equipment is designed to provide as even a tan as possible. However, results may vary due to the user's height, shape, and standing position. It is possible you will find some areas of

your tan lighter than others. In most cases, these differences are minor and disappear after several sessions. Following the direction of your tanning technician will help ensure the most even and flawless tan results. Many customers wear disposable shower caps (provided by Bronzmopolitan) to keep the solution from getting in their hair. The solution doesn't penetrate hair follicles and will not change hair color.

**LIABILITY WAIVER:**

This sunless spray tanning process has been explained to me and I hereby agree to allow an employee of Bronzmopolitan, to apply spray tan solution to my skin. To my knowledge, I have **no medical condition or allergy** which would preclude me from having this procedure done. Products are not nut allergen free. I understand that I am doing this at my own risk, and I agree to hold Bronzmopolitan and its employees harmless of any and all liability for **medical complications** that may arise from exposure to the spray tan solution. I have been advised to discontinue use if any reaction occurs. I hereby acknowledge that results of sunless tanning do vary and that no guarantee of the results is offered or implied.

Initial: \_\_\_\_\_

I acknowledge that the importance of wearing protective items to **limit/prevent inhalation or ingestion of DHA** in the area of the eyes, lips, or mucous membrane, or internally has been discussed with me. I also acknowledge that I have been given the opportunity to wear my own **protective items** and that protective items have been made available to me.

Initial: \_\_\_\_\_

Furthermore, I agree to release Bronzmopolitan and their employees from any liability in the event of stains to clothing, car and furniture upholstery, jewelry and accessories, and any other objects my body might come into contact with, or theft of personal property. I understand that my participation in sunless tanning and alcohol consumption is voluntary and that I am free to choose not to participate. I also promise, to indemnify, defend, and hold harmless Bronzmopolitan against any and all legal claims and proceedings of any description that may have been asserted in the past, or may be asserted in the future, directly or indirectly, arising from personal injuries to myself or property damage resulting from participation. I understand that a no show or late cancel will result in charge of service.
